## 2 Firmware Update

Firmware updates for the R&S HMP series are available as download from the Rohde & Schwarz web page <http://www.rohde-schwarz.com>.

The installation software for R&S HMP series is named RS\_HMPUpdate\_FWV2.51.exe.

After the update to version 2.51 the instrument will start with preset instrument settings. To check the installed firmware version press the MENU key and open the menu INFORMATION.

### 2.1 Preparing the Installation

Please refer to the firmware installation guide internal of the firmware file package.

## 3 Customer Support

### Technical support – where and when you need it

For quick, expert help with any Rohde & Schwarz equipment, contact one of our Customer Support Centers. A team of highly qualified engineers provides telephone support and will work with you to find a solution to your query on any aspect of the operation, programming or applications of Rohde & Schwarz equipment.

### Up-to-date information and upgrades

To keep your instrument up-to-date and to be informed about new application notes related to your instrument, please send an e-mail to the Customer Support Center stating your instrument and your wish. We will take care that you will get the right information.
